ABOUT US

Founded by Hüsamettin Karataş in 1989, our company started its business life with polish of stainless steel kitchen utensils.
With years of experience, experience and high quality production, our company has achieved great success in polishing industry.
We have always made our valued customers the best price, the best quality workmanship and timely product delivery.
We are always following stainless industries activities as a company that is always on its way to being the best.
We are constantly renewing ourselves technologically to produce quality workmanship and quality products.
As of 2010, KARTEK METAL has acted with this vision and has been active in production band to be your solution partner in your special projects.
We provide service with all kinds of metal, aluminum stainless steel, structural steel and glass applications in exterior, interior and special project applications with our technical team and qualified staff.
In order to meet customer expectations in the best possible way, we have always upgrade our targets and improved our quality.
To serve a wider customer portfolio, KARTEK METAL is continuing to offer better quality and faster production than our esteemed customers in the closed area of 1100 m ² in 2015.
